These responses will be in accordance with the All Hazard Plan.

### **Information Sharing:**

If a threat has been identified and substantiated it will be the responsibility of the Special Operations Lieutenant or his designee to contact the New Mexico Office of Home Land Security. He will advise the Office of Home Land Security of all information gathered and advise them of what action has been or is about to be taken in relation to the threat.

If the scope of the threat is such that ICS needs to be activated it will be done in accordance with policy and procedure #246-11, Incident Command System.
